Introducing Quantum Mechanics, 2nd ed.
by David Griffiths
Corrections to the 17th Printing
November 21, 2015

• page vii, last line of second paragraph: change “following” to “after finishing”.

• page 8, line 4: change $x$ to $j$ (twice).

• page 23, Problem 1.18(b): at the end, add the parenthetical sentence “(Assume it’s monatomic hydrogen, not H$_2$.)”

• page 196, Equation 4.199, insert a comma and space before “($m \geq 0$)”.

• page 196, Problem 4.55(h), third line: “density” → “per unit $r$.”
