

REED COLLEGE

Registration Planning Worksheet

Student name: Joe Hill (thinking about Environmental Studies or Biology)

Adviser's name: Margaret Pittman

Meeting time:

6 digit SOLAR PIN:

INSTRUCTIONS: Complete this form with courses you would like to take in the upcoming academic year. You can find course information in the [Schedule of Classes](#). **List at least 3 courses and one or two alternates.** Have this worksheet completed and ready for review for your Registration Coach meeting and Academic Adviser meeting.

When you complete the worksheet, keep in mind:

- Minimum enrollment is 3 units, maximum enrollment is 4.5 units per semester.
- Register for HUM 110 Y - it is the only course that is 1.5 units each semester.
- Check that you have fulfilled the prerequisites (if any) for the courses you have listed.
- Make sure there are no scheduling conflicts between the courses you have listed.
- Have alternatives ready if courses are full or closed.
- Take a PE class in the first and second quarter of the fall semester. They are each 7 weeks long. Register for spring PE in November.
- SOLAR is the Student Online Registration System, used for all course adding and dropping.
- The CRN is the Course Registration Number that you will use to register on SOLAR.
- A Course Code is made up of a Subject, Number, and Section. The Subject is the department that offers the course, the number indicates level (200 and 300 are usually more advanced), and the section shows if there is more than one class offered.
- The Schedule of Classes uses a 24 hour clock to avoid confusion.
- Select your first two courses and then find a HUM 110 Y section that will fit in fall and spring. You must enroll in the same section with the same instructor in fall and spring.

FALL 2025 semester

Course code	CRN	Title	Instructor	Units	Days	Time
<i>First Choice:</i> BIOL 101 F03	12345	Topics in Biology & Lab	Dr. Hibbard	1	TuTH TH	9 - 10:20 1:10 - 5pm
CHEM 101 F	12345	Molecular Structures & Properties	Prof. Frink	1	MWF W	10:00 - 10:50 1:10 - 2:00
CHEM 101 FL3	12345	CHEM lab	Igor	0	Tu	1:40 - 4:30
HUM 110 Y08	12345	Intro to Humanities	Homer	1.5	M	9-9:50
PE 101 JUG	12345	Juggling	Krusty	0	W	7:10pm
PE 102 BOW	12345	Bowling	Jacques	0	TuTH	4:10 - 5pm
or						
BIOL 101 F06	12345	Topics in Bio	Dr. Nick	1	TuTH TH	9 - 10:20 1:10 - 5pm

SPRING 2026 semester

Course code	CRN	Title	Instructor	Units	Days	Time
<i>First Choice:</i> ENV 200	12345	Intro to Environmental Studies	Maggie	1	MW	1:10 - 2:30
CHEM 102 S12	12345	Chemical Reactivity	Selma	1	MWF TH	10-10:50 3:10 - 4:00
CHEM 102 SL3	12345	Lab	Patty	0	W	1:40 - 4:30
HUM 110 Y08	12345	Intro to Humanities	Homer	1.5	M MWF	9-9:50 12 - 12:50
BIOL 102 S04	12345	Topics in Biology II	Dr. Hibbard	1	TuTH Tu	9 - 10:20 1:10 - 5:00
or						
BIOL 102 S01	12345	Topics in Biology II	Dr. Nick	1	TuTH Tu	9 - 10:20 1:10 - 5:00
