## Feedback

Jennifer Corpus (lead)

The IRB has had the chance to review your proposal. We look forward to approving it upon resolution of the issues outlined below.

1) Section C3 indicates that [REDACTED] will communicate the details of your visit in advance. Can you specify the precise details that he will communicate? Ideally this would include the time commitment, nature of the interview (brief description of the questions to be asked), and the incentive.

2) In your oral consent script, please include a separate question asking for consent to audio record the interview.

3) It might be helpful to include one more sentence in the first paragraph of your oral consent script describing the types of questions that will be asked during the interview (in a general sense).

The board looks forward to your responses to these concerns. Please upload any requested documents and respond to this feedback via the IRB Online Submission page, highlighting in yellow any changes made to any portion of your original submission. If needed, you can convert your application to a PDF and use the Preview or Acrobat programs to highlight the text. If you have any questions, do not hesitate to get in touch.

Sincerely,  
Jennifer Corpus  
Project Lead, Institutional Review Board

Dear Jennifer,

Thank you so much for your and the committee's time and consideration. I have made the requested alterations to my project and oral consent script. Please let me know if anything more is needed.

Sincerely,  
[REDACTED]
