

# Student Mobile Device Survey

CIS and the Library are working together to provide course materials and services that are optimized for mobile devices. To help us provide the most useful resources, we'd like to know more about how many students own mobile devices, what you use them for, and what academic services you wish for. Even if you don't own a mobile device, we want to hear from you!

The student mobile device survey will take about 3-5 minutes to complete.

Please respond by March 31st to be entered into a drawing for an iPad mini.

## What is your year in school?

- First year
- Sophomore
- Junior
- Senior
- MALS
- not sure
- Other:

## What is your major?

## Other major:

## What kinds of mobile computing devices do you own? (check all that apply)
