Medicare overview

Medicare is a federal health insurance program that provides health care coverage to millions of Americans. It's part of Social Security and designed to protect the health and well-being of those who use it. There are 4 parts to Medicare: A, B, C, and D. Each part covers specific services, from medical care to prescription drugs.

Helpful resources

Every year in late September, Medicare-eligible households receive the *Medicare & You* handbook by mail. This official handbook has important information about Medicare benefits, costs, rights and protections, health and drug plans, and answers to common questions. Here are some additional resources:

The 4 parts of Medicare

PART A: Hospital insurance	PART B: Medical insurance
• Inpatient care • Skilled nursing facility care • Home health care You pay no premium if you or your spouse paid Medicare taxes for at least 10 years while working.	• Services from doctors and other health care providers • Outpatient care • Durable medical equipment You pay a monthly premium.
PART C: Medicare Advantage	**PART D: Prescription drug coverage**
A Medicare-approved plan from a private company that offers an alternative to Original Medicare for your health and drug coverage. Bundles Part A, Part B, and usually Part D.	Helps cover the cost of prescription drugs, including many recommended shots or vaccines.

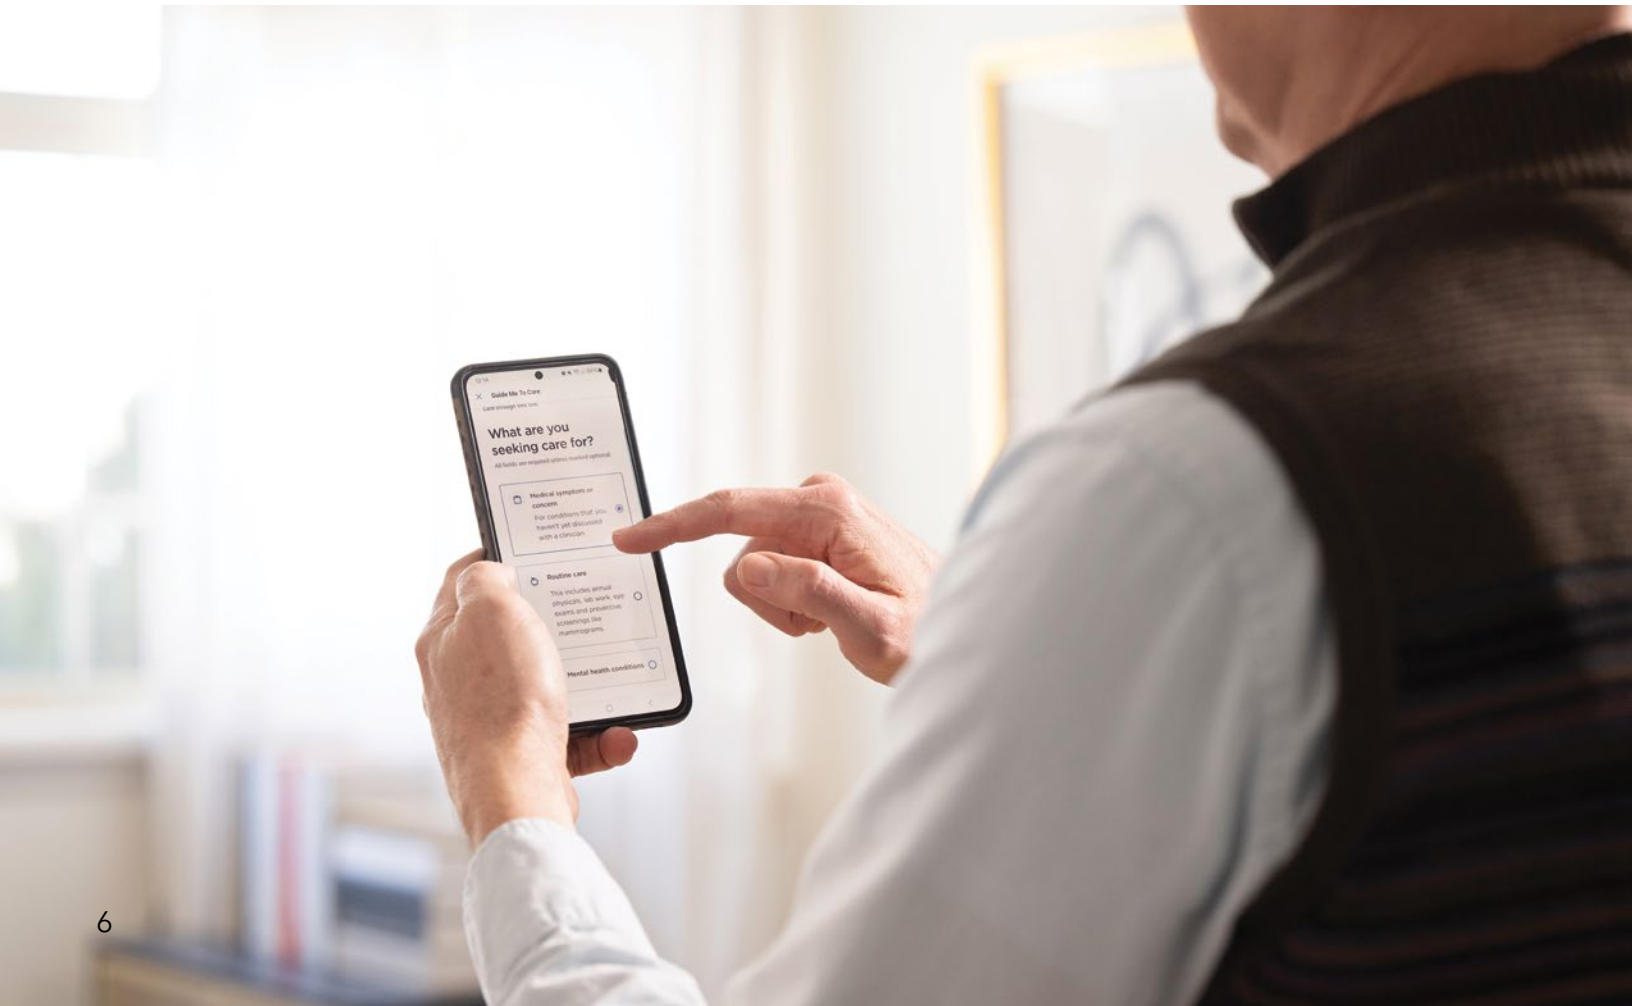

Additional notes

- Original Medicare includes Medicare Part A (hospital insurance) and Medicare Part B (medical insurance) and is provided by the U.S. government as a federal health insurance program.
- With Original Medicare alone, you will pay deductibles and coinsurance for most services.
- Medicare Advantage plans (Part C) offer all the benefits of Original Medicare but usually have lower and more predictable out-of-pocket costs and may offer extra benefits not covered by Original Medicare, such as vision, hearing, dental, and fitness.

A different kind of care

When all your needs are handled under one plan, you get:

- **A seamless in-person and virtual care experience**
- **24/7 access to care wherever you are**
- **Support for your mental health and wellness**
- **High-quality preventive, primary, and specialty care**

Combined care and coverage

Your doctors, hospitals, and health plan benefits should work together to give you exceptional care, when and where you need it.

From preventive, primary, and virtual care to pharmacy, labs, and mental health support – we put it all together to make your health care work for you.

Kaiser Permanente makes choosing a Medicare health plan easy

Many of our plans include prescription drug coverage, so you can enjoy the convenience of all-in-one coverage in a single plan.[1]

"This was my first appointment with Dr. Rieple at Kaiser Permanente, and I could not be more impressed. She made me feel like I was the most important person on her schedule."

– Michele, Kaiser Permanente member

Timely, convenient in-person and virtual care

Get the care you need, when you need it. The Kaiser Permanente app helps make it easier to manage your care online or connect with your care team on demand. And with our national network of locations, specialists, and services, you can get timely lab results and primary care appointments close to home.

24/7 virtual care

Visit kp.org or use our app to talk to a clinician 24/7 by phone or video.[2] You can also email your care team, view most lab results, and more.

Mail-order pharmacy

Refill prescriptions online, in person, or over the phone – with same-day pickup and same-day or next-day home delivery for most prescriptions.[3]

Care while traveling

If you're planning to travel, we can help with vaccinations, prescriptions, and more. You also have access to urgent and emergency care worldwide – not just at Kaiser Permanente facilities.

Healthy lifestyle tools that make a difference

Members can take advantage of our healthy lifestyle programs to start living healthier. Improving diet, getting more exercise, and quitting smoking can dramatically reduce the risk of certain conditions.

Focused on prevention and chronic care management

When our members are at risk of or diagnosed with a chronic condition, they're automatically enrolled in a chronic disease management program — at no additional cost.

Resources for your everyday wellness
