REED COLLEGE MATHEMATICS & STATISTICS DEPT

THESIS PROPOSAL FORM

NAME:		STUDENT ID:	

On this form, please propose topics and potential advisers for your senior thesis. We will endeavor to match you with your preferences while ensuring that every adviser has a manageable thesis load. Before filling out this form, you should consult with professors for advice and feedback.

Please submit the form using this google form no later than Monday, September 7th, 2026 at Noon.

1. In what general area or areas of mathematics would you like to write your thesis?

2. (a.) If you have specific topics in mind, list them here, with some brief elaboration about the nature or scope of your proposed project. (b.) If you are an *interdisciplinary major please describe the mathematical components of your thesis. (c.) Include the names of professors with whom you have discussed these topics.

3. List **three** potential advisers. Clearly indicate your degree of preference, if any.

*Interdisciplinary majors include: Math-Computer Science, Math-Physics and department approved ad-hoc interdisciplinary majors.
