Thesis Submitted	Date _____
Successful Orals	Date _____

Four Year Program Plan

Each student should plot out the courses that they would like to take for each semester of the degree program. It is important to use the catalog, the major planner and the Adviser's Handbook. Students who are considering a variety of majors or course options should develop alternate plans. This grid should be used in conjunction with the *Reed College Degree Requirements Advising Worksheet* on the reverse to insure that the proposed plan will satisfy all requirements.
